## BUSUIOACĂ DE BOHOTIN

WHITE WINE - MEDIUM SWEET

**ORIGIN:** The wine is prepared entirely from grapes of Busuioaca de Bohotin variety, a grape which originates from the Bohotin region, in Southeast Iași County, Romania, the seventh largest country producer of grapes in the world. Busuioaca is a liqueur wine with a special body, with an unmistakable fragrance, a mixture of rose and basil giving it a special note, rarely found in other aromatic wines.

Its aroma is unique, bringing honeysuckle and peach ripe, succulent, with perfect harmony of sugar, alcohol and acidity.

Sweet taste sometimes has a bitter sensuous taste of almonds.

**VINEYARD:** Situated in the Prut river terrace area, with a fairly uneven relief, ranging from 1-10° per plate. The Prut River Basin is characterized by a continental climate with very cold winters and very hot summers. The average annual temperature is 9,6° C. The amount of temperature for the vegetation period is about 3000° C. The rainfall regime ranges around 540 mm, with more significant amount in spring (24%) and summer (38%).

**WINE MAKING PROCESS:** Harvesting at the optimum time, maceration for 24 hours under the action of enzymes to extract flavor and color at 10°C. It follows the pressing stage where only the rava must is collected in order to obtain this wine, flotation and sowing with selected yeasts for alcoholic fermentation. Fermentation is done at 16-17°C in stainless steel vessels under controlled temperature.

**TASTING:** Salmon pink, with intense, floral aromas, scent of rose petals. Fruity and aromatic taste, well-integrated acidity, delicate basil aftertaste.

It is recommended to be served at 7-8° C.

One may serve it along with dark chocolate desserts, truffles, pastries, foie gras.
